Hi Aaron and Eric,

It's me again.

The major budget policies for the 11-13 budget required agencies to submit a reduction plan by November 9. DOT will be including our plan as part of our budget submittal. Attached is a statutory modification request that will be necessary to implement some of our reduction proposals. DOA has given us the go ahead to submit these.

Thanks,
Anna

**Department of Transportation
2011-13 Biennial Budget Request
STATUTORY MODIFICATIONS**

DIN NUMBER:

TOPIC: Reduction Items

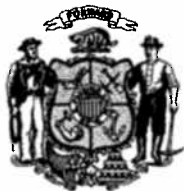

DESCRIPTION OF CHANGE:

To implement a number of the items related to the Division of Motor Vehicles' (DMV's) portion of the Department's operations reduction plan, four statutory changes are needed:

- Under current law, no application for an identification card can be processed without a photograph being taken at a DMV service center. Amend s. 343.50(4), Wis. Stats., to allow DMV to process an application without a photo being taken. Amend s. 343.50(6) Wis. Stats., to allow DMV to issue one electronic eight year renewal using a photo on record. This initiative will result in salary and fringe savings by allowing customers to request products online instead of coming into a service center.
- Section 343.21(2)(b), Wis. Stats., requires an individual to pay a \$15 fee to take a Class D skills test. A person can take up to three tests per \$15 fee. Amend s. 343.21(2)(b) Wis. Stats., so that individuals are only allowed two tests for the initial \$15 fee and must pay \$15 for each subsequent test. For example, if a person failed the Class D skills test twice, they would have to pay an additional \$15 to take it a third time, and another \$15 to take it a fourth. DMV anticipates that by changing the charging structure, more people will be prepared for the skills test and not fail multiple times. This will result in salary and fringe savings from a decreased number of skills tests being requested.
- Section 341.12(1) Wis. Stats., requires the Department to issue two registration plates for an automobile, motor truck, motor bus, school bus, motor home, or dual purpose motor home. Section 341.15(1) Wis. Stats., outlines the requirements of displaying two registration plates. Amend these two sections, along with any other statutory references to two registration plates, to allow the Department to issue a single license plate. Savings will be realized from decreased plate issuance costs.
- There are various references to displaying the registration expiration date of a license plate in s. 341, Wis. Stats.,. Section 341.12(3)(c) Wis. Stats., requires registration plates to display an indication of the period for which the specific plate is issued or the date of expiration of registration. Section 341.13(1)(b) Wis. Stats., requires the design of the license plate to include the month and year the registration expires. Sections 341.13(3) and 341.13(3m) allow the Department to issue a decal denoting the registration period instead of issuing a new plate. Amend or repeal as appropriate all references to displaying the registration expiration date to allow the Department to discontinue issuing validation stickers, allowing the Department to realize savings from no longer having to procure the date stickers.

JUSTIFICATION:

The major budget policies issued for the 2011-13 biennial budget require agencies to prepare plans to absorb permanent operations base reductions with limited exceptions. These statutory changes will allow the Department to more efficiently conduct business through strategic changes in the manner in which DMV operates.

AN ACT ...; relating to: the budget.

Analysis by the Legislative Reference Bureau

TRANSPORTATION

DRIVERS AND MOTOR VEHICLES

Under current law, with limited exceptions, an applicant for an operator's license is required to successfully complete a knowledge test and a driving skills (road) test. If a road test in a "Class D" vehicle, which includes automobiles and most other passenger vehicles, is required and administered by DOT, the applicant must pay to DOT an examination fee of \$15 for administering the road test. Payment of this examination fee entitles the applicant to take the road test not more than three times. If the applicant does not pass any of these three tests, the applicant must pay an additional \$15 examination fee, which entitles the applicant to three additional tests.

Under this bill, an applicant's \$15 examination fee for a road test in a "Class D" vehicle entitles the applicant to two tests. If the applicant does not pass either of these tests, the applicant must pay an additional \$15 examination fee for each test thereafter.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

1 **SECTION 1.** 343.21^X (2) (a) of the statutes is renumbered[✓] 343.21 (2) (a) 1. and
2 amended to read:

3 343.21 (2) (a) 1. In addition to the fees set under sub. (1), any applicant whose
4 application for a permit, license, upgrade or endorsement, taken together with the
5 applicant's currently valid license, if any, requires the department to administer a
6 driving skills test of the applicant's ability to exercise ordinary and reasonable
7 control in the operation of a motor vehicle shall pay to the department an

Some of these four drafts are pretty big. For convenience, I broke this up into four separate requests for DOT. Can I keep them as four separate drafts for now? It will make things much easier if any of them get pulled at the end. thanks. Aaron
